BODY TREATMENT

LPG Endermologie Body/Face 60mins \$188

A non-invasive treatment that uses mechanical massage and vacuum suction to stimulate skin and fat cells. Developed by LPG Systems in France, this technique promotes lymphatic drainage, reduces cellulite, firms the skin, and aids in body contouring. It's widely used for both face and body treatments to enhance skin tone and support anti-aging goals.

Hanakasumi 60mins \$158

Inspired by Japanese rituals, Hanakasumi is a signature body treatment from Sothys that combines exfoliation, massage, and delicate floral scents. This unique experience begins with a warm exfoliating cream enriched with cherry blossom and rice powder, followed by a relaxing massage with nourishing shea butter, leaving the skin soft, smooth, and revitalized.

SPA TREATMENTS
